Maryland University of Integrative Health (MUIH) is the leading academic institution for integrative health in the nation. For nearly 40 years, MUIH has educated practitioners in health and wellness through transformative and relationship-centered programs that draw from traditional wisdom and contemporary science. MUIH offers graduate degrees and certificates in a wide range of wellness fields, as well as programs for professional and personal development. In our on-campus Natural Care Center and community outreach settings, we provide compassionate and affordable healthcare from student interns and professional practitioners, and deliver more than 35,000 clinical treatments and consultations each year.

Maryland University of Integrative Health is currently conducting a search for part-time adjunct faculty members for some of its courses in the Master of Science in Nutrition and Integrative Health program. While having a strong science and evidence-based approach, our programs teach nutrition from a holistic perspective, incorporating the medicinal, therapeutic, social, cultural, psychological, and political aspects of food.

The courses include an on campus section of Human Nutrition II: Micronutrients and online sections of Applied Clinical Nutrition and the Capstone Project.

Responsibilities/Duties
Responsibilities/duties include, but are not limited to:
- Teach (including all responsibilities associated with teaching) in the programs either on campus or online or both
- Assess student learning outcomes
- Grade and review assignments
- Monitor student progress and grades
- Prepare and duplicating student materials
- Collaborate with the Academic Director
- Participate in faculty meetings
- Individually coach/advise students as required
- Perform other duties as assigned
