Part Time or Full Time Employment Opportunity for Virginia Licensed Acupuncturist

Ready to see patients immediately? Look no further.

Established acupuncture practice looking for a Full Time Virginia licensed acupuncturists.

Practice has been established since 2002, in the heart of Old Town Alexandria with an extensive clientele list. We get constant referrals and new patients.

We are adjacent to a wellness center in the same building with which we also receive referrals.

If you are ready to start seeing patients without the worry of marketing to see new patients, then this is for you.

About you:

You are reliable, passionate about health and wellness, committed to seeing patients, calm, a multi-tasker, and adaptable. Strong English Communication Skills.

You have a strong work ethic, pride in the business of where you work, highly professional, and kind bedside manner.

Your role will encompass seeing patients, some marketing such as informing clients of our referral program, newsletter contribution, specials; acquiring and retaining patients, general office and treatment room maintenance (keeping work spaces tidy) and participation in health fairs. We use Acusimple POS for digital note taking. Training is provided.

We have great clients and a very loyal following because there is great attention to patient care and education. A busy practice in a nice calm spa like environment. NOVA Acupuncture is a boutique type practice looking to grow in the near future. If you are interested in growing your client base and taking your practice to the next level, this position would be perfect for you.

***Full Time Employment minimum 35 hours.

***Benefits package available to Full Time employee

Must provide the following to be considered:

Do you have the following license or certification: Acupuncture License?

Resume with 3 work references

Why you would be a good fit for the practice

Brief description of yourself

W-2 position: Base Salary per day plus 50% commission per patient. Average 6-15 patients a day at average \$80 per patient.
