

Type of Opportunity: Acupuncture

Company Name: Willow + Oak Wellness Center Job Title: Mid-Level Acupuncturist & Chinese Herbalist Job Type:

- Full-time

- Part-time

City: Ellicott City

State: MD

Details:

Willow + Oak Wellness Center is located on historic Main Street in Ellicott City, MD. We are looking for a mid-level experienced acupuncturist and Chinese Herbalist with a medium to larger sized practice to rent space and be a part of our group. We currently have two mid-level acupuncturists practicing in the space, but neither does Chinese herbs. We want to have someone to refer our patients to for herbal medicine.

The ideal candidate will have patients near Ellicott City, and have an already established practice that they are willing to move to Willow + Oak.

The ideal candidate will practice Chinese herbs, and be willing to see acupuncture patients of the other practitioners for only herbal consultations, as well as treat their patients when the other acupuncturists are on vacation or leave. The ideal candidate will also already be in-network with health insurance plans, or be willing to apply for in-network status.

The majority of interested potential patients are in-network with insurance, and so being in network will grow your practice faster, if you are interested in growing your practice.

Shifts are affordably priced, and there is availability most mornings, some evenings, and all weekend. There is the ability to rent more than one room at a time (there are 4 total treatment rooms). All rentals include two free workshop rental hours per month for you to give talks or other services to promote your practice. We also offer detox/auricular acupuncture treatments, which you may be able to perform, if desired, or we are open to development of other community acupuncture or similar initiatives.

We have a good community of practitioners and are well supported in historic Ellicott City, with many events put on by the Ellicott City Partnership that draw business to our area. While we do prefer someone with Chinese herbs, if you are a mid-level practitioner or any level practitioner with a medium to larger sized practice you are looking for a new home for, we would love to talk to you. There is potential for growth, but if your practice is as large as you want it, we are happy to support you in that as well.

At Willow + Oak, we support a diverse workforce, and feel like everyone is family. We look for ways to create community within our practice and in the neighborhood in which we practice. We work to support veterans and active military members, and our neighbors, by giving discounted services, working within insurance, and providing accessible services such as the detox acupuncture. We love being a part of Old Ellicott City, and if you love it just as much as we do, come be a part of what we're building.
