At Pharmaca Integrative Pharmacy, we believe in providing customized shopping experiences, building relationships with our clientele and working collaboratively across all store functions. We proudly operate 29 boutique drug stores across five different states and employ over 500 top tier practitioners, pharmacists and managers. Our spa-like atmosphere proves to be an outstanding work environment and the occasion to educate others presents itself regularly.

Our unique Practitioner/Manager on Duty position grants you with the opportunity to be an integrative ambassador in our store in addition to boosting your retail management skills. This role allows you to connect with your community and to build up your own private practice. Our Practitioner MOD's strive to share and provide training to coworkers, thereby moving us towards the "one medicine" model and increasing/driving sales. Sales skills are important to succeed in this role and having the ability to connect with a wide variety of audiences is essential.

As a Practitioner, you'll work on the retail floor where you can engage with customers, share your knowledge and allocate health and wellness solutions.

You'll work with brands including Garden of Life, Jarrow Formulas, Nordic Naturals, Thorne Research and more. As we're all one team, you'll learn how to merchandise, stock, order and handle other retail responsibilities in addition to being on the sales floor. You'll work collaboratively with our Retail Store Managers to foster a learning environment for customers and team members.

Requirements:

Retail supervisory and/or management experience in addition to sales skills Completed certification in area of expertise (i.e. herbal medicine, homeopathy, naturopathic medicine, nutrition, traditional Chinese medicine, etc.) or equivalent hands-on experience. Submission of certificate or other credentials will be required Confidence in speaking with customers and assisting them with their needs while

staying within DSHA guidelines Ability to operate a point of sale system Flexibility in scheduling, including availability for some evenings and weekends

We offer our Practitioners:

Health benefits (for those working 30 hours/week) and 401k Continuing education directly from vendors Educational reimbursement Bonus Plan Transportation assistance Bragging rights for working at the most forward thinking retail space/pharmacy in the country. Sound like a fit? Send us your info!
